### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

**Claims 1-6 and 11-13** have been indicated for allowance because the prior art fails to teach the entire combination of a method for detecting registering errors for multi-color rotary presses including the steps of using the first center of gravity as a basis point to find a second center of gravity as a high precision center of gravity of each register mark, using the second center of gravity of a predetermined register mark as a reference to find relative position of the second center gravity of any other register mark, finding deviations of the found relative positions from a predetermined reference relative position, and regarding the deviation as a registering error.

**Claims 7-10** have been indicated for allowance because the prior art fails to teach the entire combination of an apparatus for detecting registering errors for multi-color rotary press including a second center gravity for finding a second center of gravity as a high precision center of gravity based on the first center of gravity from the matrix data of each register mark and deviation calculating means for using as a reference the second center of gravity of a predetermined register mark to find relative positions of other register marks, and finding a deviation of the obtained relative positions from a predetermined reference position.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh H Chau whose telephone number is (571) 272-2156. The examiner can normally be reached on M - TH 9:30AM - 8:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew H Hirshfeld can be reached on (571) 272-2168. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
